DUI ABATEMENT COUNCIL PROPOSAL TEMPLATE

Please use the following template to create your DUI Abatement Council Proposal.

CITY OF FLAGSTAFF DUI TASK FORCE

The DUI Abatement Council provides State grant funding under two specific areas:

Enforcement:

The council shall make grants from the driving under the influence abatement fund established by A.R.S. 28-1304 to political subdivisions and tribal governments that apply for monies for enforcement purposes, prosecutorial and judicial activities and alcohol abuse treatment services related to preventing and abating driving or operating under the influence occurrences in a motor vehicle or a motorized watercraft as defined in section 5-301.

Innovative:

The council shall make grants from the driving under the influence abatement fund established by A.R.S. 28-1304 to innovative programs that use emerging technologies to educate, prevent or deter occurrences of driving or operating under the influence in a motor vehicle or a motorized watercraft.

Proposal Summary

Please include a summary of funding requested.

EXAMPLE: Agency requests funding for DUI Overtime Enforcement throughout the city/county of _____. The Agency plans on using grant funding for extra DUI enforcement saturation patrols during times when impaired driving may be at its highest.

The Flagstaff Police Department, in partnership with our local community, is interested in obtaining grant funding to pay for officer overtime activities associated with increased D.U.I. enforcement. The mission of the Flagstaff Police Department is to preserve life and property. One of our departmental goals is to make our city streets safer by reducing traffic-related injuries and fatalities. We feel that this can best be accomplished by increasing D.U.I. awareness through education about the dangers of driving under the influence and by directed enforcement activities that remove impaired drivers from our streets. The Flagstaff Police Department is committed to making our city streets safer for motorists, bicyclists and pedestrians. Drunk drivers present a real threat to the safety of all persons on or near the highway. The costs associated with the loss of human life, injuries and property damage is an enormous burden on our community.

Agency Background

Provide description of agency and work area including information on population and demographics. Also include a description of streets and highways in the agency's jurisdiction including road mileage.

Number of sworn officers: 112

Total Population: 65,000

Total Road Mileage:

Highway:	35
Local:	634
Total:	669

Problem Statement

What problem is your agency looking to solve with this grant?

Provide appropriate data to support funding for the problem area identified.

The City of Flagstaff is the county seat of Coconino County. The city sits at approximately 7000 feet above sea level; at this altitude weather conditions significantly effect driving. Snow, rain, wind and fog frequently contribute to hazardous road conditions and collisions. These facts are amplified when impaired drivers are thrown into the mix. There are currently 172,932 vehicles registered in Coconino County, not including the 20,000 plus students enrolled at the Northern Arizona University nor the high volume of tourist related traffic. Prior to July 2012 there was not an existing DRE program within the Flagstaff Police Department. At the beginning of 2016 we had 8 trained DRE's we lost 3 and then trained 2 bringing our total to 7. Since 2015 there have been 225 D.U.I drug arrests in Flagstaff. In 2015 there were 103 D.U.I drug arrests and 54 DRE evaluations conducted. In 2016 there were 84 D.U.I drug arrests and 65 evaluations. In 2017 there were 38 D.U.I drug arrests and 15 of those were evaluated. Out of those 225 D.U.I drug arrests 56 were under age. The increase in evaluations is due to two of the DRE's becoming instructors and being more aggressive with the D.U.I drug arrests. Over the last three years out of the 225 D.U.I drug arrest 153 have had evaluations done. With the ever changing medical marijuana laws and the new ruling of Carboxy not being allowed for impairment there is a greater need for DRE trained officers to respond and conduct an evaluation to call a drug category. With overtime funds we would have the ability to call out DRE'S to assist in impaired drivers under influence of drugs along with serious injury collisions and fatalities where drugs may be a factor. This will help identify D.U.I drug offenders that were not previously detected and assist with developing a strong case to aide in prosecution. During this three year period, we had 78 injury collisions and 1 fatal collision that were alcohol related, 99 injury collisions were speed related out of 1,250 total injury accidents. We feel there is a direct correlation between the removal of impaired drivers from the roadways and the reduction of alcohol and/or drug related injury or fatality motor vehicle accidents. Our proposal concerns the granting of overtime reimbursement funds for directed patrol efforts at interdiction of impaired drivers by alcohol or drugs. As listed above, our officers have achieved some success to date while working regular shifts and handling responsibilities for all calls for service. We would like to deploy enforcement specific officer's specifically on special weekends and holidays where an increase in impaired driving can be anticipated. We Will Maintain Our Community Partner Initiatives: PD partnered with the City, County, Navajo Nation, Guidance Center, and other community leaders to support the Alcohol Stabilization Unit, which is a detoxification facility that promotes short and long term treatment for alcoholism. The CCSO Jail has an in-custody rehabilitation (EXODUS) program for DUI offenders. Coconino County has also established a DUI and Drug court to hold offenders more accountable and get them more specialized sanctions and treatment options. The CCCJCC is currently working with multiple community partners to maintain a Serial Inebriate program to help with treatment and accountability for those addicted to alcohol.

Project Objectives / Method of Procedure

Project objectives in your proposal should follow the SMART method. They should be:

S	=	Specific
M	=	Measurable
